Purpose of the proposal and its anticipated effects, including any changes in existing rules: To codify into permanent rule the option for collection agencies to offer licensees and their employees the ability to remotely work. This would allow them to continue to offer the public their necessary services. This would also outline detailed and necessary security measures and data storage requirements; and detailed definitions and requirements of remote work.

Reasons supporting proposal:

As per the Governor's proclamations to keep Washington residents safe and healthy during the Covid-19 pandemic; consistent with other business and professions in this State that are able to perform work from home, it was identified that rule language was needed to allow the option for collection agency licensees and their employees to work remotely. It is necessary to offer licensees the option to remotely work to support the return of commerce in all business sectors.
